WHAT WILL SENATE DO? IS THE QUESTION

Program of Clark and Underwood will go Through House all Right, But Reform Bills May Strike Snag in Senate —Gossip of Washington.

(By RALPH M. WHITESIDE.)
Special to The Telegram.

Washington, April 21.—What does the Senate intend to do? That question answered, it would be easy to forecast what the net result of the extra session of the Sixty-second Congress will be.

It is betraying no confidence to say that at this writing nobody, not even the Senate itself can answer this question with any degree of certainty.

The program of the House is pretty well known. The branch of Congress so ably presided over by Hon. Champ Clark of Missouri, directed by Hon. Oscar Underwood of Alabama, and enlivened not to say illuminated by Hon. James Mann and Hon. Joseph Cannon of Illinois, will promptly pass favorably upon Canadian reciprocity, the election of United States senators by the people, the admission of Arizona and New Mexico to tSatehood, reapportionment and some other measures and will then proceed to carve into the Payne-Aldrich tariff lair in most heartless manner.

That much is easy to foretell, but with the Senate it is a different matter altogether, If the Democrats in the upper-house were as homogenous as those in the lower it is altogether probable they would be able to get enough insurgent Republican support to put through the House program. It would take only five more votes in a full senate to turn the trick. But—and here's the trouble, there is an indefinite number of Democrats out of sympathy with the Clark-Underwood program.

Just how many of them are sufficiently out of sympathy to vote against it cannot be told at this time. A good many of them do not know themselves. In not a few States the Senators already are practically elected by the people in primaries and it will depend in the case of some at least of those how the people back home speak out as to how they will finally line up.

In the meantime House leaders do not seem to be worrying as to how they will cross the Senat bridge until they get to it.

The proposition to change the name of Pennsylvania to Lincoln Avenue seems to have died-a-borning; no matter what they might call it it will always be the avenue to those who have lived an ytime at the Nation's capital.

Hon. William Schley Howard of Georgia, who is pointed out as the young man who lifted the scalp of that fighting veteran, Uncle Lon Livingstone, has already attracted attention by introducing a bill to prohibit express companies and common carriers from competing with the Postoffice Department in the transportation of mail matter weighing less than eleven pounds.

The Howard measure it is said enacted into law, would wipe out the postal deficit. It would also curtail the enormous profits of the express companies.

Of course a wild wail will go up from the express companies and it is hardly likely that the measure will be adopted at this time but the Interstate Commerce commission has been making an investigation of the subject of express company rates. As claimed by Representative Howard, investigation has shown that the express companies are virile competitors of the postal service when it comes to the handling of the profitable package business, shipments that are to be handled for relatively short distances, whereas these companies are content to leave the Postoffice Department the transportation of the unprofitable long haul packages.

The Howard measures means that the Postoffice Department will have absolute and proper monopoly in the transportation of anything mailable weighing less than eleven pounds. The postal service is now limited to a maximum weight of four pounds, although under international postal agreements it will handle eleven-pound packages mailed in or to foreign countries.

"Every time I pass the Nichaus statue of Garfield at the Capitol end of the avenue, I wonder why one other American statesman of the name has been apparently forgotten," remarked Richard Slater, of La Grande, Oregon.

"The other Garfielde insisted on spelling his name with an 'e', his full name was Selucius Garfielde, and he served in the House with the Ohio statesman, so that they went over the history of the family and found that they were from the same original stock.

"Selucius was something of a politician in his time, and he is well remembered on the Pacific coast for his efforts to build up the then territory of Washington. He was born in Shoreham, Vt., the same village which gave Columbus Delane and Levi P. Morton to the nation. The Shoreham hotel here is named for that town.

"Selucius went first to Kentucky, and was soon active in politics, with a membership in the constitutional convention. Then he got the Western fever, and was a pioneer in California, where he was chosen a member of the legislature. Next he returned to Kentucky and got another office or two, going also as delegate to the Democratic convention of 1856, which named Buchanan for President.

"The reward for his activity for Buchanan was his appointment to Washington Territory as receiver of public moneys. Then he served two terms in Congress, while the other Garfield was prominent and while his old Shoreham neighbor, Delane, was secretary of the Interior. His fame may be overshadowed at this end, but the work of Selucius Garfielde, is recalled with approbation on the Pacific coast, especially by the pioneers."

"Our people have come to the conclusion that it is a good thing after all that Congress voted the Panama exposition to San Francisco," remarked Frank P. Randolph, a newspaper man, of Lake Charles, La.

"While our New Oorleans representatives were fighting for the fair and for some time following the vote in the House, there was a disposition to resent the action of Congress, but the sober, second thought of the people has accepted the decision, and now many persons are congratulating one another that New Orleans lost out.

"While I still maintain that New Orleans is the 'logical point' for holding an exposition to celebrate the opening of the Panama Canal, I am well satisfied that if it had come our way it would have meant a big financial loss to the citizens. It might have helped the South, but it would have injured business in New Orleans and nearby towns.

"It has been the experience, I believe, of all expositions held in the South that the persons who financed the projects lost money. I am informed that about the only world's fair that did not lose money was that of Omaha, and it came out about even. Chicago people tell that it took the Windy City several years to recover from the fair, and the same tale comes from St. Louis. The people of California have the best wishes of the people of New Orleans. Many of our citizens will take a trip to the Pacific coast in 1915, and to show that we are good losers, it is probable that New Orleans will have a building at the fair.

Henry Willis, of San Francisco, Cal., who is at the Arlington and has spent some time abroad, related an incident worth repeating. He said:

"The French government's ruling against ribbons and decorations pertaining to orders, except such as are recognized by the French republic, brings to my mind an occurrence at a Germen watering place some years ago, because of which an American became involved in a controversy with a German nobleman.

"The American, with his wife and fifteen-year-old son," continued Mr. Willis, "was staying at a hotel where the nobleman appeared one evening with his coat literally sprinkled with decorations of various sizes. The boy, who had often spoken to the man, asked, 'What are those things for' and received the sneering answer: 'Those are decorations not for Americans.' Next evening the boy came to dinner wearing several medals on his jacket, and succeeded in having them noticed by the man of the orders, who asked: 'I see you wear decorations also. What are they? 'This one,' the boy said, is a bicycle prize; and these two for swimming and they're all just as good as your Dutch kind.'"

HARMON

Boom for Democratic Nomination Launched by the Ohio Delegation.

Special to Telegram.

Washington, April 21.—Reinforced by Lieut. Gov. Nichols, of Ohio, the Democratic Congressional delegation of that State, met today in Senator Pomerene's office formally to launch a boom for Governor Judson Harmon for the Democratic presidential nomination in 1912.

The campaign is to be conducted by the lieutenant governor, who read to the delegation a large number of letters he had received, "indicating," he said, "that encouragement is coming from all sections of the United States."

On leaving the meeting after the organization of the Harmon Presidential club, Senator Pomerene stated that he is satisfied there is more sentiment in favor of Harmon than for all the other men who have been mentioned for the Democratic nomination. He said the Harmon leaders would go to work first to secure a solid Ohio delegation for their candidate.

STRUCK HIS GRANDMOTHER

Boy Sent To Jail Until She Asks For His Release.

New York, April 21.—Joseph Kemble, 14 years old, of 36 Cottage street, Bayonne, admitted to Recorder Mara yesterday he had struck his grandmother, Mrs. Ann Kerly, who is 75, "because she made him mad." "I am going to send you to jail and have you kept there until your grandmother asks for your release," said the court.

SIX SAVED OFF CAPE COD

Schooner Caroline Gray Sinks With Load of Paving Stones.

Washington, April 21.—A wireless to the Revenue Cutter Service today announced that the schooner Caroline Gray, loaded with paving stones, was wrecked off Cape Cod. The six members of the crew were saved by men from the Highland lighthouse.

BOOMING RECIPROCITY

A Hundred Leading Business Men Going To Capital.

Buffalo, April 21.—It has been decided by the Chamber of Commerce to send a delegation of 100 leading business men to Washington to urge the adoption of the reciprocity agreement between this country and Canada. Rochester, Cleveland, Toledo and Detroit have been asked to send delegations, to appear before the Senate Committe simultaneously with the Buffalonians.

COMMISSION RULE IN CHURCH

Preacher Declares Large Congregations Should Be So Conducted.

Detroit, April 21.—The big churches in large cities ought to be conducted as are big commercial corporations, declared Rev. John Brittan Clark, of the Westminster Presbyterian church, of Detroit, today.

"The pressure of so many financial and social problems on the pastor of a large city church makes it impossible for him to be the real shepherd of his flock," he said. "I believe the remedy lies in a commission form of government for our big churches. They need to be run like a big financial corporation. My idea would be a commission of three, one to be the pastor of the congregation —a great spiritual leader, mingling among the people of the church. Another would be the preacher, devoting all his time to preparing and delivering thoughtful sermons. The third man would be the business manager. Matters of policy could be decided by a majority vote of the three."

"Intellectual Aristocracy."

Ann Arbor, Mich., April 21.—Louis P. Haller, of Omaha, and John Gutnecht, of Chicago, have refused membership in Phi Beta Kappa, charging that it "tends to the creation of an undesirsirable intellectual aristocracy."

BERGER

ITINERARY OF GOOD ROADS AGITATORS IS ANNOUNCED

Special to Telegram.

Raleigh, April 21.—The itinerary of President Varner and the central committee of the State Central Highway over the proposed route from Morehead City to the Tennessee line is announced. The party will leave Morehead City on May 8 and make New Bern on May 9, Kinston May 10, Goldsboro May 11, Smithfield May 12 and Raleigh May 13. This will constitute the first heat of the trip. A day will be spent at each stop for the purpose of arousing enthusiasm in the project. The first week in June the party will start from Madison county and cross thirteen counties, completing the trip at Durham.

The enthusiasm throughout the state in the project is becoming more and more intense and there is little doubt but that the Highway will be a reality within the next year.

JUAREZ

Hourly Expecting Rebel Attack---Peace Negotiations Are Declared Off.

Special to Telegram.

Juarez, April 21.—General Madero, provisional President under the insurrectos, camped throughout the day just outside this city. An attack is momentarily expected. The attacking army is drawn up in three columns and is composed of about 3,000 men.

Madero said today he was waiting for the federals to come out from the border, to prevent the shelling of El Paso. At his camp this afternoon he announced that his terms must be acceded to before he would consent to an armistice.

Peace Proposals Called Off.

Special to Telegram.

El Paso, Texas, April 21.—The peace negotiations between the insurrectos and the Mexican government were stopped this evening. Oscar Braniff and Esquivel Obregon, of Mexico City, who have been trying to get Madero to accept some peace proposals, received a telegram from Mexico that ended all prospects of an early adjustment. They had just sent a messenger under a flag of truce to Madero with a final appeal to the insurrecto leader. The message, it is understood, stated that the demands of Madero were such that they could not be entertained. It is not learned who sent the message.

Another Attempt on Agua Prieta.

Special to Telegram.

RALEIGH WON TRIANGULAR DEBATING CONTEST

Capital City Boys Defeated Greensboro and Charlotte---Charlotte Second in Contest for High School Honors.

Raleigh last night won the triangular debate over the debaters from the Greensboro and Charlotte High schools. The affirmative won in Raleigh and the negative in Charlotte and Greensboro, as follows: Greensboro—Charlotte won over Greensboro, championing the negative; Raleigh—Raleigh won over Greensboro, championing the affirmative; Charlotte—Raleigh won over Charlotte, championing the negative. The query was "Resolved that the federal government should levy a graduated income tax, barring Constitutional objections."

The interest in the debate was quite keen and the Greensboro people were anxious to learn the result of the debate in Charlotte and Raleigh. The debate held here was largely attended and each of the speakers were liberally applauded. While the negative won the Greensboro boys put up a hard fight, the decision being two to one in Charlotte's favor.

RECIPROCITY BILL IS PASSED BY HOUSE

Vote Was 265 to 89—Despite Efforts of Taft Measure Would Have Been Defeated Without Democratic Votes.

Special to Telegram.

Washington, April 21.—Amid the scene of great enthusiasm, both in the crowded galleries and on the floor of the House the Canadian reciprocity tariff agreement passed the House tonight at 7:40 o'clock by a vote of 265 to 89. Ten Democrats voted against the measure and the majority of the Republicans also voted against the bill.

The fears of Taft were realized for the reciprocity bill went through the House by Democratic votes alone. At the last minute President Taft gathered the Republican members who were opposed to the bill at the White House and made a personal appeal to them, but without avail.

The bill now goes to the Senate, where strenuous efforts will be made to defeat it.

The Contest In Raleigh.

Special to Telegram.

Raleigh, April 21.—In the High School debate tonight the affirmative, champoined by Raleigh, was declared by the judges as the winner. The visiting debaters made a fine impression, however, and acquitted themselves splendidly. The Raleigh debaters were Carey J. Hunter, Jr., and Oliver J. Smith. The Greensboro debaters were Hugh Wolfe and Adger Forney. The judges were Associate Justice W. A. Hoke, J. A. Bivins and J. W. Bailey.

The Charlotte Debate.

Special to Telegram.

Charlotte, April 21.—In a debate of extraordinary merit here tonight, the representatives of the Raleigh high school, Philip Wollcott and Clifton Beckwith, defeated the representatives of the Charlotte High School, Will Carr and Irwin Henderson. The arguments put forth on both sides showed evidence of deep study on the part of both teams and reflected great credit on the talent of the two schools along forensic lines. More mature, however, were the boys from Raleigh and they showed the effects of more advanced study than the Charlotte representatives.

The Greensboro-Charlotte debate was held in the Smith Memorial building and a large audience was present. Sigmund Lindau and Tully Blair, of Greensboro, debated in favor of the income tax, while Tracy Huntley and Aubrey Elliott, of Charlotte, opposed such a measure. The arguments were of a high order and reflected much credit on the debaters. The rejoinders were especially spirited. The decision was two for the negative and one for the affirmative.

The debate was presided over by Prof. A. S. Hill. Willlard Eutsler acted as secretary and Roger McDuffie kept time. The judges were W. C. Smith, E. J. Justice and A. L. Brooks.

Following the debate a reception was given in honor of the debaters from the Queen City.

Below are the lines of argument used by the debaters here:

Sigmund Lindau's Speech For the Affirmative.

A tax is not a payment for services rendered or benefits received; but is a contribution from the citizen, according to his ability, for the support of the government.

There was a time in the early stages of civilization when all property was owned by the state, and the incomes of all men were about equal. And so, since it was a tax according to ability, a poll tax was the first form of public contribution.

Later on the individual came to own property, and his income or ability to pay taxes was measured by his property, so the poll tax was supplemented by a proportional property tax.

When incomes are taxed according to the principle of ability, it will lead to a graduated tax, for ability to pay taxes increases more rapidly than the size of incomes.

We suggest a rate of 1 per cent. on small incomes, this rate increasing gradually till it reaches 5 per cent. and all incomes above this point being taxed at the maximum rate.

Such a tax would equalize the burden of taxation, and at the same time would not stifle individual initiative.

Mr. Huntley's Speech.

Mr. Huntley first speaker on the negative began his argument by convincing the audience that the income tax was unnecessary for the development of our country from the original thirteen colonies into what is conceeded to be the world-wide power of today. He also succeeded in showing our present system was all that is necessary in time of need with the present provisions in the constitution. Mr. Huntley illustrated how Rockefeller would meet his increased tax obligations, by advancing the price of oil and the burden of the income tax would fall upon the poorer classes for other capitalists and trusts would use the same scheme for meeting their obligations, by having a monopoly on commodties. It was evident from his point of view, which was practical, that the income tax cannot be enforced any more than any other system, or at least our own. In his rebutal he left a good impression on the audience by a bit of eloquence. He said: "In the history of nations not least among the causes of decline has been the enactment of unwise laws. The passage of an act which past experience shows cannot be enforced, and which if enforced would increase our deficit four hundred per cent is not the part of wisdom. Dead letter laws foster contempt for law and contempt for law breeds anarchy. Shall we go blindly contrary to the teachings of experience and the dictates of reason or shall we pursue the course which good judgment decrees is a more excellent way."

Tully Blair's Speech.

The tariff system of taxation takes for granted that every man whether rich or poor necessarily incurs expenditure and hence a tax which is placed on the necessities will reach every citizen and thus make the tax universal. We admit the principle of universality in taxation according to ability. But we denounce any tax that taxes a man's necessity to spend without regard to his ability to earn.

Under the cloak of false protection this system of taxation has been abused in this country to the point of building up enormous incomes which are entirely escaping taxation. It is high time for our tariff to be revised on principles of equity and justice.

This tariff system is the only one now in use by the national government. It places a tax on the necessities of life as well as on the luxuries and often the tax on the necessities is far greater than the tax on the luxuries.

Our government is sadly in need of an elastic tax by which Congress could control the annual amount of money that comes into the treasury, and thus these vast deficits and surpluses which now occur every few years could be done away with. Because if we were going to have a deficit Congress could merely raise the rate of the tax and do away with it, and the same method could be used in case of a surplus.

Our present system of taxation is inefficient in a crisis but the income tax has never failed in any of the countries where it has been adopted. The income tax can be more cheaply administered than our tariff and revenue systems.

Mr. Elliott Speaks.

We oppose a federal income tax, first, because it is in operation and practice unequal and unjust. Second, Because it is a direct tax on industry and thrift. Third, Because its operation would utterly fail in America being directly contrary to the nature and spirit of the people.

Taxation should be determined not by the ability of the individual to pay the nation but by the services the nation renders the individual. It is a tax on brains, enterprise and industry. It is an encouragement to shiftlessness and

THE CENSUS FIGURES FOR NORTH CAROLINA.

The Telegram presents this morning the census figures for North Carolina by townships, as compiled in the Census Office in Washington City under the direction of E. Dana Durand. The figures were received Thursday and should have been published yesterday morning, but they are very interesting and we feel certain our readers will be glad to get them a day late.

Some interesting comparisons may be made by those who have the time to go carefully through this mass of figures, and it is worth while for the average reader to study this report and become familiar with its salient points. Information about the population of ones State is always valuable, and some study of these figures will afford much information in available form.

The Telegram finds by a hasty persual of the figures that Greensboro is the center of the largest population in the State, with the exception of Charlotte. This is a fact of great interest and of vital importance to this city. Greensboro's restricted city limits have militated against this place in the census figures heretofore published. The four square miles within this city's incorporated limits contain but little more than one-half of the population which is really a part of the place and should be credited to Greensboro. This fact is well known to people living here, but it is information which many people living elsewhere have not had, and the result has been that this city has suffered in comparison with other places in the State having much more extensive city limits.

The census figures show that Gilmer and Morehead townships, in which Greensboro is situated, have a combined population of 28,068. This places Greensboro in the position of having the largest contiguous population in the State except the population of Charlotte township. It is not probable that more than three thousand people reside in the townships of Gilmer and Morehead outside of the territory which should properly be included in the city limits of Greensboro, and subtracting this amount from the total population of the two townships, allows 25,000 population for the city; and our most conservative citizens believe that this is a reasonable estimate, well within the bounds of actual population figures.

On this basis Greensboro would push Wilmington close for second place, and might even distance that place and occupy the position next to Charlotte among the cities of North Carolina. At any rate Greensboro is entitled to the position of third city of the State in size.

The census figures for the eight largest population centers of the State, in order of size are as follows:

Charlotte Township	37,471
Gilmer and Morehead	28,068
Durham Township	27,605
Asheville Township	26,944
Wilmington Township	25,748
Winston Township	23,583
Raleigh Township	22,405
Salisbury Township	16,059

The figures for several other large townships may, also, be recapitulated, the names of the cities and towns being given. In some cases the townships do not bear the name of the town, but the name of the town is used for purposes of better identification and location of the place.

Burlington	7,269
Washington	9,022
Morganton	7,548
Hickory	9,240
New Bern	11,405
Fayetteville	8,216
Lexington	6,892
Thomasville	6,342
Tarboro	6,271
Rocky Mount	8,051
Gastonia	12,268
High Point	12,395
Hendersonville	6,841
Kinston	8,360
Elizabeth City	9,361
Greenville	8,558
Leaksville	8,554
Reidsville	6,969
Mt. Airy	8,395
Monroe	9,520
Henderson	8,321
Goldsboro	10,204
Wilson	9,742

Many people of this city were badly disappointed when the census figures for the cities of the State were issued, and the other cities of the State made the most of the situation to twit Greensboro about its previous population estimates, some of which were compiled by over-enthusiastic boosters. However, every dog, it hath been said, has his day; and Greensboro is now in position to enjoy her day and make the most of it for ten years to come, in so far as it is affected by Uncle Sam's census figures.

STAUNTON'S GENERAL MANAGER RESIGNS.

Three years ago the city of Staunton, Va., inaugurated what is called a modified form of the commission system of municipal government. The system really appears to be an extreme form of commission government, as the city practically has one instead of three or five commissioners. However, the city retained its Mayor and Board of Aldermen, the latter in a legislative capacity and as a board of supervision and control of the General Manager, who is the man behind the municipal gun in this case.

Staunton's General Manager sustains the same relation to the city that the general manager of a railroad or other business corporation sustains to the railroad or corporation. He manages all the affairs of the place, employes the men who do the city's work, buys the city's supplies and pays the city's bills.

The position of General Manager of even a little city like Staunton is not a job to be lightly regarded, but in this case the man on the job made good; but, while the General Manager succeeds admirably in directing the city's affairs and while a large majority of the people approve of the system, it is said that many of them disapproved of the methods of General Manager Ashburner, so he recently resigned.

Just what criticism there were of his methods is not known to The Telegram, but they may have been too strict and business-like. Many people want their city business done on a strictly business-like basis until it comes to the question of their own dealings with the city. Then they desire some latitude and the bestowal of some favors, just as they desire special consideration and special favors in their dealings with other citizens. Something of this nature may have offended a number of Staunton's citizens and caused the resignation of their General Manager. Whatever the cause, there is no doubt of the fact that he made good and saved the city money and at the same time had its business carried on in a business-like manner and made many improvements at less proportionate cost than it was found possible to do under the old system. A dispatch to a Richmond paper from Staunton has this to say of the city's experiment with the General Manager system of city government:

"Staunton has accomplished more in the way of public improvements under the system of a general manager than ever before in her history, except when a bond issue was made for such improvements. No bonds have been sold for general improvements, and yet a great deal of street improving has been done. Sewers have been laid and extended and other improvements in various departments made, all at lower cost in a period of high prices than ever before. The press and public opinion here have approved the experiment and regarded the plan as eminently practical and economical. There has been strenuous opposition from some sources, but it has been in very small minority.

"The plan was inaugurated three years ago, and, so far as cen be learned at this time, there is no likelihood of abolishing the office unless the contingency should arise that a man for the position satisfactory to the two bodies of Council could not be found. The leaders in the Council have been men who have all along strongly favored a concentration of the business of the city and the disappointments felt by these in the developments of the past few months seem not to have cooled their ardor."

After all, it must be admitted that genuine insurrectos are to be found in a convention of the Daughters of the American Revolution. The DARters make the insurgents in politics ashamed of their puny efforts.

The Greensboro Telegram invites The Atlanta Journal to join it in a visit to the Queen City for the purpose of reviving acquaintance with the game of croquet. We shall be glad to welcome the visitors and to round up some tiddle-de-winks players for their further entertainment. You are right; it would be discourteous to mention golf and baseball to Greensboro and Atlanta editors in Charlotte for the purpose of living the simple life for a few days for a change. We assure you we are surfeited with golf and baseball in Greensboro, and no doubt similar conditions prevail in Atlanta.

To Advertise or Not to Advertise.

To advertise or not to advertise! That is the question uppermost in the mind and intention of every live business man and progressive community. The question is whether a city shall advertise and become known abroad or be content with the obscurity of the merchandise which gets covered with dust because the merchant in his folly has never advertised it as worth the money asked for it.—Wilmington Star.

Shooting at Senator Simmons.

Senator Simmons is reported as being in favor of settling the approaching Senatorila fight by means of a State-wide primary. Good! That fixes Simmons and makes certain that he will never get back to the Senate to ?? represent the Democrats of this good State anymore. He might be able to manipulate the Legislature and squeeze through a la Fried Lorimer, but when he has to face the music and tell his troubles direct to the rank and file of the Pure-in-Heart in North Carolina there'l be nothing doing, as he will soon discover. So farewell, Fornifold, farewell! May your fate be a warning to other politicians who have too much "conviction"(?) in direct opposition to the fundamental principles of the party they claim to represent!—Madison Herald.

Major Stedman and Claude Kitchen are both strongly in favor of reciprocity. Most of the other North Carolina congressmen are against it. If reciprocity will reduce the cost of supplies it will be a god-send to the tobacco farmers of Stokes county.—Danbury Reporter.

The next great political battle of North Carolina will be between Kitchen and Simmons for the United States Senate. As far as the Reporter is able to judge of the situation, Kitchen is the overwhelming favorite in Stokes—Danbury Reporter.

CURES PIMPLES QUICKLY

Simple Remedy That Clears Skin Quickly of All Eruptions.

For several weeks past Howard Gardner has done the biggest business he ever had in any one article in selling Hokara, the skin food that has won so many friends in Greensboro.

It has been found to be an absolute cure not only for all minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching fect, piles, etc., but for the worst sores, ulcers, or even chronic ezcema and salt rheum.

In spite of its unusual curative power, the price is trifling. To convince every one of its merits, Howard Gardner will sell a liberal sized jar for 25c.; larger sized 50c. And remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

TESTIMONIAL.

I wish to state for the benefit of anyone suffering from eczema, that I had eczema on my hand for some time and could find nothing that would cure it until I used Hokara. One 25c jar entirely cured me. Wm. Nichols, 621 1-2 Central Ave., Ft. Dodge, Iowa.

An Embarrassed Young Man.

He had been invited to dinner and was fearfully embarrassed and shy. When the meal commenced his agitation began. Sitting opposite to the mirror he discovered, to his horror, that he had forgotten to comb his hair.

Lifting his hand to arrange his hair he knocked his neighbor's elbow and spilt the spoonful of soup which she was jut carrying to her mouth all over her dress.

As he arose to help her he upset his glass of water into his other neighbor's lap and tipped over his own plate of soup all over himself.

Finally matters were straightened out, but a few moments afterward, on putting his hand under the table to feel whether the soup had dried on his trousers, he felt—yes, it was! How it could have happened he could not tell.

All during the rest of the meal he surreptitiously but firmly worked hard and fast with his hands under the table. His embarrassment was painful to behold.

When the dinner was over, as he arouse, the whole tablecloth and everything on it came crashing to the floor, while the young man pulled foot after foot of tablecloth out from between his waisteoat and his trousers.

One Conductor Helped Back to Work.

Mr. Wilford Adams is his name, and he writes: "I was confined to my bed with chronic rheumatism and used two bottles of Foley's Kidney Remedy with good effect. The third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky., Street Railway. It will do all you claim in cases of rheumatism." It clears the blood of uric acid. Howard Gardner.

"Where are you going with that goat, little boy?"

"Down to the lake. Come along if you wanter see some fun. This here goat has jest et a crate of sponges, an' I'm going down an' let him drink."—Toledo Blade.

and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life,' he writes "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la grippe asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsay, its the best known remedy. Price 50c and $1.00. Trial bottle free. Saved His Mother's Life.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. What She Would Like.

A little girl stood in a city meat market waiting for some one to attend to her wants. Finally the proprietor was at liberty, approached her and said benignantly, "Is there anything you would like, little girl?"

"Oh, yes, sir, please: I want a diamond ring, and a sealskin scaque, a real foreign nobleman, and a pug dog, and a box at the opera, and, oh, ever, and ever, so many other things; but all ma wants is 10 cents' worth of bologna."

A Spring Suggestion by a Trained Druggist.

Appendicitis and many other ills come from Constipation and over-loading with food which the system cannot care for. The bowels must be cleared and antiseptic ised to give their normal functions and this should not be done by strong Cathartics, as every physician will tell you. Vick's Little Liver Pills have been the bowels and mild stimulation to the lazy liver and thus cure trouble in adults or children.

Kicked By a Mad Horse

Samuel Birch, of Bestown, Wis., had a most narrow escape from losing his leg, as no doctor could heal the frightful sore that developed, but at last Bucklen's Arnica Salve cured it completely. Its the greatest healer of ulcers, burns, boils, eczema, scalds, cuts, corns, coldsores, bruises and piles on earth. Try it. 25c. at Fariss-Klutz Drug Co.

Talk to Mothers.

There is need in the home for cuts, bruises, sores and sprains, children and others are heirs to a real good antiseptic liniment, one which will not burn and hurt worse than the wound itself, and which will give the greatest relief and prevent scars. Vick's Liniment is prepared for this purpose. Take this suggestion from a trained druggist who knows.

"Planned your summer vacation yet?"

"No, I'm waiting until I learn what friends of mine are to have summer cottages. Then 'll begin to hint for invitations."—Detroit Free Press.

Never Out of Work.

The Sound Sleep of Good Health.

Can not be over estimated and any ailment that prevents it is a menace to health. J. L. Southers, Eau Claire, Wis., says: "I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley Kidney Pills but a short time and now sleep as sound as a rock, my general condition is greatly improved, and I know that Foley Kidney Pills have cured me." Howard Gardner.

"Why don't you speak to mamma Peter?"

"I have approached her a dozen times, dearest, but she dosn't give me a chance to get in a word."—Fliegende Blatter.

A Reliable Medicine—NOT A NARCOTIC

Mrs. F. Marti, St. Joe, Mich., says: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar Compound in which I have great faith. It cured the coughs as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar Compound has many times saved us much trouble and we are never without it in the house." Howard Gardner.

"Father,"

"Well, what is it?"

"It says here, 'A man is known by the company he keeps.' Is that so, father?"

"Yes, yes; yes."

"Well, father if a good man keeps company with a bad man, is the good man bad because he keeps company with the bad man, or is the bad man good because he keeps company with the good man?"

PROOF THAT PROVES

If one person more than another should know the value of medicine, it is the retail druggist.

Therefore when ten thousand retail druggists of the United States recommend Vinol, the delicious cod liver and iron tonic, without oil, as the best strengthening tonic known, and are willing to return their customers' money in every case where it fails to give satisfaction, there can be no room for doubt.

Among others, one of the most reliable druggists of Lynn, Mass., Mr. Warren Toppan, says, "From personal experience I know what Vinol will do. I had a chronic cold all winter, and was so weak I could hardly get about. Nothing seemed to help me until I tried Vinol— the change was magic—and what surprised me most, Vinol not only cured the cold but built me up and cured me of a severe stomach trouble that had bothered me for twenty years. Vinol is certainly a wonderful medicine." (We guarantee this testimonial to be geuuine.)

We ask every run-down, nervous, debilitated, aged or weak person or any person suffering from chronic coughs and colds to try a bottle of Vinol with the understanding that their money will be returned if it does not do all we claim. Fariss-Klutz Drug Co., Greensboro, N. C.

From Winston-Salem Sentinel.

Mrs. D. H. Barger, of Shawsville, Va., who has been visiting her sister, Mrs. Henry Roan, went to Greensboro yesterday to spend some time with another sister Mrs. J. W. Fry.

Mrs. Charles Siewers entertained quite a number of her friends yesterday afternoon at "Forty-two" complimentary to Mrs. Paul Fogle, of Ashe county, Mrs. Chase Idol, of High Point, and Mrs. Horace Vance. After the games a delicious salad course was enjoyed, the hostess being assisted by her sister, Mesdames Henry Shaffner, Ledoux and Ralph Slewers, Miss Rosina Vance and Master Charles Siewers. Miss Etta Shaffner was so fortunate to win the first prize, which was a Royal Worcester fern dish; another of similar design was the second prize, which fell to Mrs. J. K. Pfohl. The consolation, a minature set of dominoes, was given to Mrs. Elma Pfohl. Mrs. Siewers also presented to each of the honor guests a beautiful fern dish.

THRONGS OF BUYERS CONTINUE

Special Half Price Brings Many Patrons to Howard Gardner.

The people of Greensboro and vicinity appreciate the great advantage Howard Gardner obtained for them, in getting Dr. Howard Co. to allow the regular 50 cest size of Dr. Howard's specific to be sold at half price, 25 cents, and have bought hundreds of bottles.

Unlike ordinary medicines for constipation and dyspepsia, the dose of Dr. Howard's specific is reduced after a few day's use, and the cure is soon complete and lasting.

If you have not already taken advantage of this chance to get a month's medical traeatment for 25 cents, be sure to call at Howard Gardner's today, for he has only a small amount of the specific on hand.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

SUGGESTIVE QUESTIONS

On the Sunday-School Lesson by Rev. Dr. Linscott for the International Press Bible Question Club.

(Copyright 1910 by Rev. T. S. Linscott, D.D.)

April 23rd, 1911.

(Copyright, 1910, by Rev. T. S. Linscott, D.D.)

Joash Repairs the Temple. 2 Kings xi:21—xii:16.

Golden Text—Then the people rejoiced, for that they offered willingly. 1 Chron. xxix:9.

(1.) Verse 21—To what extent may we trust the reasoning and deductions of a bright, and good boy, seven years of age, upon matters with which he is familiar?

(2.) What immediately preceding events had led up to the boy Joash (Jehoash) being crowned King of Judah?

(3.) Verse 1—Who was Jehu?

(4.) Zibiah was the mother of the boy King Joash, but who was his father?

(5.) Verses 2-3—Is the statement here made that "Jehoash did that which was right in the sight of the Lord all his days," literally, or historically correct? (See 2 Chron. xxiv: 17-22.)

(6.) Take two men, both previously good, in responsible positions of great temptation, both having been religiously trained, one having a vile and the other a good ancestry; one of them late in life becomes a bad man—on the law of averages which is it, and why?

(7.) Verses 4-5—What method or rule should we adopt in giving money to the church?

(8.) What is the relative obligation upon a man for keeping up his own house and the house of God?

(9.) Verses 6-8—What were the priests bidden by the king to do with the money which the people brought in, and how did they carry out their orders?

(10.) Why is it either wise or unwise for a pastor to be the treasurer of his church?

(11.) What is your opinion as to what these priests did with the money?

(12.) Which is the right, or better place to collect money for God's cause, and why, at the homes of the people or in the church?

(13.) Verse 9—If Jehoiada had gotten up a series of concerts, or lectures, or bazaars, or tea meetings, or had set the women to making quilts and selling them, instead of asking the people to give their money direct, would it or not have been more in keeping with God's plans for financing His church, and why? (This question must be answered in writing by members of the club.)

(14.) What modern plan for paying money to the church, most nearly answers to putting it into a chest at the church door, and what is the advantage of the plan?

(15.) How many instances can you recall of dishonesty in handling church funds, and how do they compare with the number you can recall of dishonesty in banking and other business institutions?

(16.) Verses 11-12—Ought a church to gladly pay the regular market value, or should it expect to get work and material for less?

(17.) Verses 13-16—Should a Christian church spend money for style, or for spectacular effect, or for anything beyond that necessary for comfort?

Lesson for Sunday, April 30th, 1911. God's Pity for the Heathen. (Foreign Missionary Lesson.) Jonah iii:1—iv:11.

BIBLE STUDY FOR EVERYBODY.

The International Press Bible Question Club is affording the opportunity and stimulus for everybody, either at home or in classes, to study the International Sunday School lessons. The Adult Bible Class Movement has brought together thousands of men who study the Bible in classes every Sunday, but the I. P. B. Q. C. with its "Suggestive Questions," lays out for them a most fascinating lot of questions to discuss and at the same time affords the opportunity for the still larger number, who do not attend Sunday school, to profitably study the lesson at home.

We are glad to report that our effort to enlist the masses in Bible study is being appreciated by our best people; words of encouragement are being freely said in favor of the work we have undertaken. Pastors, Sunday school workers, and others, interested in Bible study, are giving as much encouragement. But this we expected; we did not, however, expect our "Suggestive Questions" would so interest non-churchgoers. This is an agreeable surprise, and it is very encouraging. From what we have learned, we shall not be surprised if non-churchgoers capture some of the best prizes.

We advise everybody to study these questions right along, so as to be ready to enter the contest with the lesson for Sunday, June 18. If you are not a subscriber to The Telegram send in your subscription on the attached coupon.

GOSSIP OF THE STAGE.

Paul Wilstach's spectacular dramatic work, Thais, is destined to a long run in New York.

The Concert, by Leo Ditrichstein, is nearing its two hundred and fiftieth performance in the metropolis.

Mascagni is at last going to produce his opera, Ysobel. The scene of the production will be Buenos Ayres.

Carter De Haven is to have a supplementary season in vaudeville when his engagement with "The Girl in a Taxi" terminates.

Will A. Page has been engaged as the press representative of the Will-o'-the-Wisp company, which is to fill a summer engagement in Chicago.

Robert Hilliard, who is closing his fourth season in A Fool There Was, will probably go to the Pacific Coast next season, as he has not been West with the play.

Helen ware is staring under the management of David Belasco in The Woman, an up-to-date play by William C. DeMille, the role of the star being Wand Kelly, a telephone girl.

The Aborn Grand Opera company has been meeting with with flattering success in the production of The Bohemian Girl. The theater has been crowded, and the performance has been favorably commented on by the musical critics.

Leo Slezk, the distinguished tenor, has been engaged by Manager Gatti-Casazza, of the Metropolitan Opera company, for another year. Musical critics say no tenor in the past decade has made such a profound impression as Othello as Herr Siezak.

Charles Frohman denies the report that he is to leave the London theatrical field. He says he has not leased his London theaters to any other managers, but has merely made temporary arrangements to co-operate with various of the English actor-managers in the production of plays. He will produce Peter Pan again next Christmas in the English metropolis.

Advance copies of Daniel Frohman's book, Memories of a Manager, have been distributed to his friends and the press as Easter gifts. The book contains, besides its personal interest much which is valuable to the lover of drama and to the student of theatrical history, as almost every star now before the public and many of the famous productions of the times owe their rise to Mr. Frohman, who is known throughout the profession and to general readers as a man with the rare combination of the artistic and the managerial in his career.

Little Lizzie said to her teacher:
"Have you got a little yelly hen?"
"No," replied the teacher, "I haven't any little yellow hen."
"Well," said Lizzie promptly, "my little yelly hen like you hain't got, laid an egg this morning."

First Presbyterian Bible Class Meeting

Last night at the home of its teacher, A. M. Scales, the Immanuel Bible Class of the First Presbyterian church Sunday school, met for a social and business meeting. A large number of the young men were present and many matters of importance were discussed with enthusiasm.

Several interesting talks were made by different members of the class, after which a new constitution was adopted and ways and means of largely increasing the attendance were decided upon. In the near future the class will consider the advisability of becoming a Baraca class.

After matters of business were dispensed with those present enjoyed a most pleasant social hour, during which a course of refreshments was served. Several musical numbers added greatly to the enjoyment of the occasion. At a late hour those present adjourned, voting thanks to their teacher for his marked hospitality.

AMERICANS IN JUAREZ JAIL TO BE RELEASED

Special to Telegram.

Mexico City, April 21.—President Diaz today telegraphed for C. H. Converse, father of the boy in jail in Juarez, who came at once and the two conferred regarding the matter. In the conversation it was made plain that out of kindly feeling, and not from representations from the state department, an order for the release of both Blatt and Converse would be issued tomorrow.

No one at the Embassy knew that Converse was coming. Four weeks ago a "preliminary note" was presented to the foreign office from Secretary Knox, implying that if the boys were not released an ultimatum would follow.

Secretary Dickinson Invited to Guilford Battle Ground July 4

Paul W. Schenck, president of the Guilford Battle Ground Company, has returned from Washington where he went to ascertain when the funds for the erection of the Greene monument would be available. Secretary of War Dickinson, who will have supervision of the work, stated to Mr. Schenck that a competent sculptor would be secured and the work commenced at an early date. Mr. Schenck invited Mr. Dickinson to attend the celebration on July 4 and he consented to do so if he found the trip would not interfere with his trip to Panama, which will be made about that time.

Astronomer Does Not Believe Mars Is Inhabited.

Berkeley, Cal., April 21.—Professor Robert D. Aiken, one of the astronomers of Lick Observatory, does not believe that there is human life on the planet Mars. In a lecture delivered at the University of California last night he expressed the opinion that the markings seen on the surface of the planet and supposed by some scientists to be canals constructed by intelligent beings for irrigation purposes, are nothing more than earthquake fissures. They are too rough and too wide for canal service, he said. He exhibited photographs in support of this belief.

GENERAL PARKER PROBABLY PREFERS MUSICAL CAREER.

New Orleans, April 21.—General J. B. Parker, the veteran fighter, who with General Lee Christmas, captured the town of Ceiba, Honduras, in the recent revolution against President Davila, arrived yesterday from Honduras and will spend several weeks here. General Parker declares that, in his opinion, Honduras has seen its last revolution, that he believes General Bonilla will succeed in restoring peace and will give a harmonious administration to that country. He predicts the election of Bonilla next October.

In his youth it was the general's ambition to lead an orchestra.

"It is a question in my mind whether I would rather command a machine gun in action," declared the general, "or lead an orchestra, because when I was a kid I wanted to be a bandmaster with a band in a big park."

REBEL LEADER WAS COURTMARTIALLED AND SHOT

Special to Telegram.

Albuquerque, New Mexico, April 21.—According to advices received here today, "Red" Lopez, the insurrecto leader, has been court martialed and shot as a traitor by the rebels. This information was brought here by Colonel Bede, who crossed the border near Agua Prieta, after the battle there. He says the insurrectos are now well supplied with ammunition, have cut off the supplies of the federals and will retake the city.

Bede states that Lopez and other minor officers advised and ordered the evacuation of the city and thereby permitted it to fall into the hands of the federals. It is supposed that for this reason he was shot.

"LID DOWN" IN CHICAGO

No Wide-Open Town During Carter Harrison's Reign.

Chicago, April 21.—The hope of the gambling element that the induction into office of Mayor Carter H. Harrison would mean a "wide-open" town received a cruel shock today, when the edict went forth to put on "the lid" and keep it on.

Notice was served on the handbook men, the poker players, crap shooters and faro game proprietors, and even the auction pinochle games, that there was to be "nothing doing."

ENDS LIFE ON SON'S GRAVE

Trenton Woman a Suicide After Fourteen Years of Grief.

Trenton, April 21.—Driven frantic by grief over the death of her 13-year-old son, Mrs. Mary Garvey, 50 years old, went to the grave of the boy in the Lady of Lourdes Cemetery and ended her life with a dose of carbolic acid. The empty bottle was found on the grave beside the lifeless body. Yesterday was the twenty-seventh anniversary of the birth of the dead boy.

Mrs. Garvey's body was found late last night by relatives, who became alarmed over her failure to return home from a visit to the cemetery.

Unfortunate Put Dynamite Cap in Bowl With His Tobacco.

York, Pa., April 21.—A dynamite cap which exploded in the pipe he was smoking blew off the nose of John B. Kone, a Chanceford township man, and put out his right eye.

Kone carried his tobacco loose in his pocket. He had been carrying about a dynamite cap also, and it is supposed that he accidentally stuffed the cap into his pipe with the tobacco.

Around the Edges

(By CARA REESE.)

Cleaning up around the edges, pottering over trifles, putting in time? There are others like you, busy housewife. There are others like you, only a little more anxious as the payday comes round. When it comes to cleaning up around the edges and pottering over trifles it is a sign that rush orders are not coming in. Such is life. When toil and duty are reduced to a comfortable pottering, then the anxiety concerning how long the boss is going to stand in the pottering begins to intrude itself.

Or, in the housewife's case, the self-rebuke over the shiftlessness reduces the leisurely performed task to a penance. Some housewives are very much afraid they are not earning their board and clothes if they happen to have a quiet hour with nothing harder to do than to polish the hard wood floor around the edges of the druggets or to wipe off the frames of pictures and mirrors.

Some toilers have their conscience so highly strung that a vacation and recreation are not enjoyed as they should be when the salary goes on the same. It is difficult to get at the real notion that underlies activity. When there is too much work on hand, when there is a rush and bustle and overtime and pressure then everybody grumbles. When there is little to do and the time must be dawdled in cleaning up about the edges or pottering, or putting in time at trifles, this does not suit, either. It is a common habit to be dissatisfied with things as they are and to wish for something different. There are rush seasons and slack seasons in almost every phase of toil. It were better to cultivate contentment of spirit.

About this season of the year the cleaning up around the edges and the pottering and desultory putting to rights are only tranquil forerunners of the domestic spring, upheaval. Many times the hands and the brains of the exemplary housewife have a spell of itching toward taking down the dust-hung curtains, or overhauling the attic or pulling apart the bedsteads. But common sense whispers, "save the strength" for the deluge of overturning and cleansing which is due when spring arrives in reality.

Eager as the exemplary ones are, they know that pneumonia lurks in the cold attic, that pulmonary germs fly in through the drenched casement and that it were better to delay the removal of blankets and bed covering for yet a few days later. The exemplary ones have learned through experiences with croup, diphtheria and tonsilitis that it were better not to begin hauling up the carpets and putting in firefronts as yet.

Hence, a little cleaning up around the edges, a pottering and putting in time over trifles. Why not enjoy the lull before the rush begins?

"IT WOULD RUIN PAPER MAKERS."

One Figures that Reciprocity Would Drive Them Out of Business.

Kalamazoo, Mich., April 21.—Members of the Paper Manufacturer's Association were in session here yesterday planning to make a vigorous fight against the Taft reciprocity bill.

A. C. Hasting of New York, president of the American Paper and Pulp Association, declared that the McCall bill as it stands would ruin the paper manufacturing industry of the country.

"Paper would be no cheaper than it is now," he said. "Ninety per cent. of the Canadian pulp is from crown lands, and the bill provides that only pulp from freehold lands can come in free. But paper can come in free. Canadian mills would supply American newspaper publishers, the American mills will close, and then the Canadians will raise the price.

"I explained this to President Taft when in Washington recently, and he admitted that it was unfair and that he would be willing to have it changed."

NEW YORK PLANS FOR SAFE AND SANE FOURTH.

New York, April 21.—Mayor Gaynor's Fourth of July Celebration Committee met yesterday in the City Hall and organized by electing Herman Ridder chairman, Dr. Edward H. Hall vice-chairman, Isaac N. Seligman treasurer and William A. Johnston secretary. The celebration this year is to be of a different nature from that of last year, but still "safe and sane."

The mayor called the meeting to order. He said:

"Last year we had a splendid parade. I noticed that the sidewalks were not crowded with spectators, and it has been suggested that perhaps this year it might be well to have local celebrations. The school houses might be centres for such celebrations and the Declaration of Independence might be read and speeches made from the steps of the City hall and of each of the Borough Halls."

On taking the chair Mr. Ridder announced that the committee had been offered an office in the Pulitzer building. Major-General Roe then moved that the committee bind itself to the kind of a celebration proposed by the mayor, and this was agreed on.

STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which *seem* remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

GIVEN AWAY.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

HINTS FOR THE BOUDOIR

(By MILDRED WYCKOFF.)

A good lotion for blackheads is carbonate of magnesia and zinc oxide, each one dram; rosewater, four ounces. Shake and mop on the spots, and later the bulk of the "worm," which is the thickened contents of a tiny old tube in the skin, may be gently pressed out after the face is steamed or softened with hot water, and a reliable cold cream applied.

But be careful how you press these points. Do not bruise your face by using the finger nail or the round end of a watch key, for the harm you may do in this way may take days to remedy.

Sometimes, too, scratching or bruising leaves a discolored spot. But take a soft handkerchief and fold it several times loosely so that it will form a pad under each thumb ball; then gently force out the "worm." This you should do at night, as there will generally be a little redness after the squeezing.

Do not clip your eyelashes with the idea of improving them. By this treatment they are often made stubby and coarse. You should also be careful, if you wear glasses, that they do not press against the lashes and so stunt their growth.

The only way to remove all of the superficial impurities from the skin of the face is by the intelligent use of water, soap and friction.

The use of shoe trees aids greatly in keeping shoes in a good shape.

Bunions affect the large joints of the great and little toes, and are caused by wearing tight shoes. Hot water does much to relieve the pain which they cause. An application which may be used is:

Salicylic acid, one teaspoonful; cocaine, five grains; collodion, half an ounce. Paint the bunions with this twice a day.

FADS OF THE FASHIONS

Painniers, not too pronounced, but easily recognizable, appear on some of the latest gowns that are said to be the forerunners of the spring styles. One attractive model in which the pannier is a feature is of dark blue marquisette over black and white. The panniers are in black satin ribbon and tassels.

The arm size, as it used to be called, has entirely disappeared from feminine dress. If the sleeve is set into the bodies with a seam this seam must be disguised so that it does not appear. For very full figures the best dress makers insist upon an easy fitting lining lightly boned, and over this the peasant bodies is adjusted, the lace or embroidered cuff being attached to a loose sleeve set into the lining and the outer sleeve hanging free.

Though so much attention is being paid to colored dresses and colored embroideries, the all white gowns were never lovelier than those intended for the coming summer, and they are bewitchingly trimmed with laces, hand embroideries, chiffon folds and china beads. The girl who looks her best in white will still have a place among the fashionably dressed of the season.

The correct choosing of a ribbon sash should be controlled more by the requirements of the figure than by an innate taste for prettiness. A robust girl, for example, should not wear the flower girdle which is fashionable, for it will better suit some one of slimmer nature and more slender form.

Soft ribbon is used to make the flowers for the belt, twisted up into large rosettes resembling a full blown rose. The loops for the flowers should be two and one-half to three inches long and almost 15 loops go to the smaller flower, while 18 to 22 can be used in the larger models. Tie the loops and curl them to resemble flower petals.

Recital at G. F. College.

A large and appreciative audienee gathered at Greensboro Female College last evening to attend the graduating recital of Misses Annie Jones and Esther Pearl Lowe. The program was a varied one and was rendered in a highly creditable manner by the young ladies and the frequent applause was well deserved.

The recital was declared by many to have been one of the best ever given at the college. The final number on the program, a duet, Concerto in G minor, Mendelssohn, was perhaps the most enjoyed of the entire program.

The stage was tastefully decorated with flowers sent by admiring friends and a number of handsome bouquets were presented the young ladies at the conclusion of the program.

The program follows:

Beethoven—"Sonata", Op. 90, Mit Lehnaftigkeit.

Mendelssohn—Capriccio, Op. 22, Allegro con fuoco.

Life Is Coexistent With the Stars.

Special to Telegram.

Philadelphia, April 21.—That "living beings exist wherever a star twinkles" was the statement made tonight by Prof. Seay, astronomer in charge of the naval observatory at Mare Island, Cal., and a scientist of international fame, at the annual meeting of the American Philosophical Society. Prof. Seay also advanced a new theory of the formation of the solar system in direct contradiction of the Nebular Hypothesis.

MRS. SCOTT WAS RE-ELECTED PRESIDENT OF THE DAUGHTERS

Special to Telegram.

Washington, April 21.—The re-election of Mrs. Mathew T. Scott of Illinois as president general of the Daughters of the American Revolution is conceded this afternoon. The majority secured by Mrs. Scott is small and was conceded only after a recount of the votes. Mrs. William Cumming Story of New York claimed the victory up to the finish of the final count. Mrs. Story was the candidate of the "insurgent" wing of the D. A. R.

The D. A. R. Election.

Washington, April 21.—The Daughters of the American Revolution awaited with impatient interest today an announcement of the results of yesterday's election. Tellers were at work all night.

Early today both factions were claiming victory. The friends of Mrs. Matthew Scott, of Illinois, insisted that she had been re-elected president general by an increased majority. Two years ago Mrs. Scott won by eight votes. The supporters of Mrs. William C. Story, of New York, the "insurgent" candidate for president general, declared today that the official count would find Mrs. Story the victor.

The fight two years ago between the same candidates was so close that most of the delegates preferred to await the official announcement before accepting any of the rumors which began as soon as the polls closed and continued throughout the night.

"YOU MAY COME ACROSS."

A man once read the letters Y. M. C. A. and then asked what they stood for. If any one should ask this question of members of the finance committee of the Young Men's Christian Association, the reply would probably be You May Come Across, for they report another payment due on Monday and in order to meet it, $4,000 must be secured by that time.

This committee asks all the friends who have unpaid subscriptions to pay them if possible before Monday noon.

GREENSBORO IS SECOND CENTER OF POPULATION IN THE STATE

Gilmer and Morehead Townships Have 28,068 Population, Greater Part of Which is in Reality the City of Greensboro—Charlotte is the Only Center of Larger Population—Durham Township Next in Size, Followed by Asheville.

North Carolina's position in the front ranks of the southern states in regards to population has been greatly strengthened during the decade from 1900 to 1910.

Detailed population statistics of the state has just been issued by Census Director E. Dana Durand at Washington. They give the figures for every minor civil division and incorporated city.

The total population of the state is 2,206,287 for 1910, as against 1,893,810 in 1900, an increase of 302,477.

Unlike some of the northern and middle western states, the movement from the farming districts to the cities is not nearly as pronounced in this state.

The census returns indicate that North Carolina is forging to the front as a manufacturing and mercantile state, while it is losing little as an agricultural state.

NORTH WILKSBORO, N. C.

HANDICAPPED

This is the Case With Many Greensboro People.

Too many Greensboro citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief, but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills help sick kidneys.

The following statement should convince every Greensboro reader of their efficiency.

F. C. Remfry, 512 S. Main St., High Point, N. C., says: "I was in such a miserable condition with kidney trouble that I did not believe there was any cure for me. My back and limbs were so sore that I could not get up after sitting without assistance and it was impossible for me to go about easily. The kidney secretions were also scanty and highly colored. I doctored and took medicine faithfully, but I did not improve. Finally I used Doan's Kidney Pills and the contents of three boxes made a permanent cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's—and take no other.

Shall we Rejoice

Gladness comes with a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed and assisted by the pleasant laxative remedy Syrup of Figs and Elixir of Senna.

Its beneficial effects are due to the fact that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. To get its beneficial effects always buy the genuine manufactured by the California Fig Syrup Co.

Slightly Mixed.

Two correspondents wrote to a country editor to know respectively "The best way of assisting twins through the teething period," and "How to rid an orchard of grasshoppers."

The editor answered both questions faithfully, but unfortunately got the initials mixed, so that the fond father of the teething twins was thunderstruck by the following advice:

"If you are unfortunate enough to be plagued by these unwelcome little pests the quickest means of settling them is to cover them with a straw and set the straw on fire."

While the man who was bothered with grasshoppers was equally amazed to read:

"The best method of treatment is to give them each a warm bath twice a day and rub their gums with boneset."

Sues for Her Commissions.

New York, April 21.—Miss Belle Brand claims to be the champion saleswoman in the country. She is suing a dress manufacturer for alleged arrears in her commission on sales of $132,000 a year.

"So there's another rupture of Mount Vociferous," said Mrs. Partington, as she put on her specs. "The paper tells us about the burning lather running down the mountains, but it don't tell how it got afire."—Tit-Bits.

ANDERSON BASEBALL DOPE.

Bill Klock is to fill the place of Kelly with the Clinton team on the trip to Clemson college and to Furman. Manager Jim was to have stayed over for this, but says that the opening day is now too near at hand for him to spare the time that would be necessary.

The only exhibition game arranged so far is that with Furman University to play here next Saturday afternoon, the 22d. Jack Corbett, the coach of this team, will come over with the aggregation and do his best to win from the Electricians.

Little Andy McCarthy hasn't yet gotten through with his work at Wofford. He will probably report here by the end of the week, may be in time to witness the Anderson-Furman game. He is to hold down third base this season.

The general opinion among the fans is that a good man has been secured for the position of president of the association in Col. Abb Means. He has always been a good fan, and a booster of the home club. He will work hard for the interests of the squad.

Just at this time what is most needed by the association is money. The expense in getting the team started on the season will be great, and the members of the finance committee ask that all of those who have subscribed be ready when they are called upon.

There is not a great amount of work to be done on the grounds at the park, and it can be looked after within a day or so, not interfering with the practice work of the team. It will be begun within the next day or so.

Bringing with him 19 men, Kelly says that it is all right that but one exhibition game has been arranged. There will be enough men of the home squad until the opening of the season to admit of real game practice with a little patching up.

It has been intimated by Manager Kelly that he will begin weeding out the players on the 26th; cutting down the number to be carried during the season. With three good men on the reserve at Clinton, he has probably figured it out that he can well afford to do this.—Anderson Mail.

Manager Clancy, of the Twins, will leave tonight for Charlottesville, Va., to coach the Carolina boys in their game with the University of Virginia there tomorrow. He will return here Saturday morning to remain. A fast outfielder from Albany, N. Y., named Spencer, will arrive here tomorrow for a try-out. Manager Clancy is predicting that the new man will lead the league in base-running and batting. He has a batting record of about .300.—Twin-City Sentinel.

KNIGHTS OF GRIP MEET IN CAPITAL CITY MAY FIFTH

There are eight hundred members in the state, there being eleven posts as follows: Greensboro, Winston-Salem, Charlotte, High Point, Raleigh, Asheville, Wilmington, Rocky Mount, Wilson, Mt. Airy and Hickory. J. J. Norman, of Winston-Salem, is president and C. C. McLean, of Greensboro, is secretary-treasurer. The Raleigh members are preparing to have a big barbecue for the visiting knights of the grip during their stay in this city.

NORTH STATE CAPITAL NEWS OF THE DAY

Special to Telegram.

Raleigh, April 21.—Attorney General Bickett, just back from a stay of several days in the extreme western section of the State taking testimony in the North Carolina vs. Tennessee boundary line dispute pending the past two years, says the taking of evidence for this State will be finished during May and that then the testimony for Tennessee will be taken in that State, all evidence to be in by July 1 most probably, so that the evidence and argument can be presented to the United States Supreme court soon thereafter with hope of speedy decision.

He says that he has just unearthed the field note book of Col. William Davenport, who was the surveyor on the part of North Carolina for running the State line in 1821, the book being the companion and key for the official map made at that time. This book was found recently in a secret drawer of an old sideboard in the old family residence of Col. Davenport, now occupied by his grandson, Col. Willam Davenport Jones. Mr. Bickett says the note book gives in detail the survey mile by mile for the one hundred and sixteen miles surveyed and fully bears out the contentions of North Carolina.

The territory in dispute is about 20 miles by 3 miles and involves property that it is estimated that development will bring to the value of more than one million dollars. The attorney general says this State was forced to bring the suit to settle the dispute which was bringing about a state of lawlessness and clash of authority that bid fair to bring Winchester rifles into play among the people.

Company B, Raleigh, won the first prize of $20 in gold for the highest team score in the competitive rifle range shoot in progress here the past three days for the Third regiment. Company G, Reidsville, was second, getting the $10 prize. The team scores will not be made public until after the shoots at Goldsboro next week for Second regiment and at Gastonia the following week for the First regiment.

The highest individual score was 123 out of a possible 150, this being by Private J. L. Beavers, Company G, Reidsville, and the second highest 121 by Corporal Robert E. Lee, of Company B, Raleigh. The prizes dependent on the ultimate scores of teams in all three regiments are the Dupont loving cup and the Royster and the McGehee gold medals.

Another charter is for the Angier Mercantile and Realty Co., Angier, capital $25,000 by J. H. Williams and others. The capital paid in is $5,000.

According to a construction of the State health laws as revised by the recent Legislature, by Wake county superintendent of health, Dr. McCullers and others, there is no effective law for quarantining cases of smallpox. The old law that specified quarantine was repealed in the enactment of the new law and which it is found merely says patients may be quarantined and specifies compulsory vaccination. Indeed the charge is being made that the promoters of the revised law purposely shifted the base from compulsory quarantine to vaccination and that now there is nothing to prevent a person with smallpox going about the streets or country roads as they please so long as they are able to travel. It is learned that the attorney general is to be asked for a ruling in the matter. The many people who believe that quarantine and not vaccination is the right protection against the dreaded disease are much stirred up over the matter.

Governor Kitchin received today and accepted the resignation of A. C. Stroup as member of the lower house of the General Assembly from Gaston county. His resignation is on account of being appointed county tax assessor for Gaston by the Corporation Commission as State tax commission.

Governor Kitchin was at Alliance, Pamlico county, today to deliver an address in connection with the school closing there.

Subsequent reports from fruit growing sections of the State to the State Department of Agriculture are confirming the estimate made two weeks ago that while the peach crop in the extreme eastern section of the State is about completely killed, there is still a half crop or more in the Southern Pines section and in the Piedmont or central belt and prospects for a good yield further west. The apple crop in the Piedmont section has been much more seriously injured than in the great apple belt of the mountain region of the State. Indeed, it is estimated that the apple crop in the western part of the State will be a full one if there is no set back from now on.

The reports from the strawberry-growing territory of Eastern Carolina are that growth is being much retarded by the cold nights and the right unfavorable season in vogue the past two weeks.

The farmers hereabouts are complaining greatly about unfavorable weather conditions for the seeding of cotton and are reporting this work very backward. Hereabouts the effort is always to plant the crop as soon after April 1 as possible. Now the month is far spent and a very large part of the crop is still to be planted. The persistent continuance of the cold nights and frequent rain combine to retard the preparation of the land for the seed and the development of the seed after planting. This condition is said to exist throughout the cotton belt in this State.

PRESBYTERY OF ORANGE CLOSED SESSIONS THURSDAY

Durham, April 21.—Orange Presbytery unexpectedly adjourned last night after a session of three days in which business was transacted with dispatch.

Rev. Dr. Chester, of Nashville, made an address last night on foreign missions and his lecture was among the most illuminating of the entire series. He spoke of the great gain in the cause throughout the Southern Presbyterian church that branch of the great body having gained $432,000 the past year. This is perhaps traceable to the impetus given the movement the last year or two by the world-wide movement for Christian evangelization in which the Presbyterian church was among the most forceful organizations.

In the Orange Presbytery there is nearly a $6,000 gain. Last year the amount was $12,500 and the reports this year show that it has run to $18,000. The general condition of the home and foreign missionary movement is healthful.

The Presbytery will meet next fall, sometime in September in Midway. There are two sessions yearly and this was the spring meeting. It was the best that has yet taken place. Sixty-one enrolled delegates were present.

When the ministers and laymen began to leave yesterday afternoon, they expressed a sentiment that made their hosts feel good. They pronounced Durham the best entertaining town they have struck. It is a place from which one doesn't love to go.

In the work of the Presbytery, there was little of great public interest done, all of the work being within, but it had church people's concern. The business was transacted with such dispatch that there was no need of another day.

It had been announced that there would be services tonight, but owing to the early adjournment, this will be called off. Rev. Dr. E. R. Leyburn was host to the gathering. He and those looking after the visitors did their work well. The last of the delegates will leave for their homes this morning.—Durham Herald.

BIG TOBACCO CASE COMES UP IN MAY

Special to Telegram.

Raleigh, April 21.—Summonses were issued today by the clerk of the federal court through the United States marshal for the jurors to attend the May term of the federal court to convene May 22. There are forty-two jurors for the week of May 23 and twenty-four for the week of May 29.

The first week is to be devoted to the trial of criminal cases and then the famous suit of Ware-Kramer Tobacco Co. vs. American Tobacco Co. for $1,500,000 damages for trust methods of breaking up the business of the plaintiff is to be called with prospect that this may require a month or longer and will be one of the biggest legal fights that has been pulled of in Raleigh in a great while. Alton B. Parker is to be of counsel for the American Tobacco Company along with W. W. Fuller of New York, F. L. Fuller of Durham, and Aycock and Winston Raleigh. F. A. Daniels and F. A. Woodard are of counsel for the plaintiff.

idleness. It punishes the active and frees the indolent.

We also oppose the tax because it is not wise or just for any government to place a tax on industry until all other methods of raising revenue are exhausted. They would change the encouragement of faithfulness and industry as set forth in the beautiful parable of the servants and the talents. They would take away from the faithful and industrious servant and say to the unprofitable servant: "Enjoy thou the privileges of a government which thou hast failed to uphold. It is bad in theory to absolve nine-tenths of the people from responsibility and thrust the entire load o fthe government on the wealthy few.

Gladstone says: "An income tax makes a nation of liars and nothing does more to corrupt the people." This evasion is caused by the inquistorial nature of the tax. Even "George Washington" would have lied about his income to evade the tax.
